SEDALIA, MISSOURI, TUESDAY EVENING AUGUST 20, 1895.

PRIC

SANTA FE TO BE SOLD

It May Mean a New Line for the Queen City.

ST. LOUIS TO KANSAS CITY.

This May Be Among the First Great Improvements the New Company Will Make.

Sedalians will read with more than passing interest the following special dispatch from Topeka, Kansas, to the Kansas City Times of today:

"TOPEKA, Kas., Aug. 19—Charles S. Gleed, attorney for B. P. Cheney of the new Santa Fe company, who has been in Topeka for a couple of days, left this afternoon for Boston. Mr. Gleed gives it as his opinion that the Santa Fe will be out of the hands of the receivers by the last of October. The order of sale, he says, will issue within ten days and the sale of the property will be made in thirty days thereafter. The new company, Mr. Gleed says, will be made under the laws of Kansas. The name of the company will have to be changed. The name of the present company is the Atchison, Topeka and Santa Fe Railroad company. The new company will change only one word, making it 'railway' instead of 'railroad.'"

Ordinarily the reorganization of a railroad company in Kansas would possess little general interest save to holders of its stock and bonds and to towns located upon its line; but when it is remembered that the Santa Fe now owns and controls a line running out from St. Louis to Union—with valuable terminal facilities in the former city—and that that road was built to constitute a section of a grand trunk line from St. Louis to Kansas City, Sedalia's interest at once becomes apparent.

The line from St. Louis was mapped out some years ago and the proposed route was via Sedalia to Kansas City. The Santa Fe, which was behind the proposed line, became involved in financial difficulties and work stopped when the road reached Union.

If a new company strong enough to buy the Santa Fe takes hold of that road we may look for a process of reorganization and development similar to that which has characterized the Missouri, Kansas and Texas since that road passed out of the hands of the receivers.

Should this be the case the St. Louis and Kansas City line will in all probability be one of the first steps toward the development of the property.

The proposed line will pass through a section of the state that is rich alike in agricultural and mineral resources, and Sedalia is so situated as to be the most important point on the road between the two cities.

Thus it will be seen that the announcement of the proposed reorganization of the Santa Fe is a most important one to Sedalia, for it means, sooner or later, another trunk line for this city.

CUSSEDNESS OF BOYS.

They Are Guilty of Vandalism at Edward Hurley's New Residence.

Boys have been guilty of acts of vandalism at the new home of Mr. and Mrs. Edward Hurley, southwest corner of Fifth street and Grand avenue, as Mrs. Hurley learned when she visited the premises this afternoon.

The house is not yet occupied, and as a result boys have climbed in at the windows, marked up the walls, broke the front door bell and been guilty of other acts that should result in their being sent to the reform school.

Mr. Hurley is in Colorado, but Mrs. Hurley will pay a liberal reward for the detection of the guilty parties.

A New Reporter.

J. Benton Palmer, of Hume, Mo., has accepted a position as reporter on the Bazaar.

The Best in Years.

Dr. J. C. Culp, of Ionia City, is in town, and says the crop prospect in his neighborhood is the best in

ten years. Some farmers have raised as much as ten bushels of flax to the acre, selling as high, sometimes, as \$1.08. Oats will average 50 or 60 bushels, and corn is very fine.

WILL MAKE AN EXHIBIT.

The Horticultural Society Arranging for a Display Next Month.

The Pettis County Horticultural society is arranging for an exhibit of farm, garden and orchard products of Pettis county and Central Missouri, in this city, some time in September, probably about the middle of the month.

The crops are better in Central Missouri this year than for twenty years, perhaps, and such a display will attract widespread attention.

The plans for the exhibit are now being perfected.

Struck Him With a Club.

A. C. Myers, a farmer residing eight miles north of town, today caused the arrest of Nat Brown, his landlord, for assault and battery, and the cause is set for a hearing in Justice Levens' court on Friday.

Myers says that Brown struck him with a club yesterday, on the head, making a painful and dangerous wound. Myers was on horseback and Brown afoot at the time of the alleged assault.

Had a Splendid Time.

County Attorney Hoffman and daughter, Miss Louella, returned from Nebraska, today, where they had been to attend the wedding of Mr. Hoffman's niece. They had a very pleasant visit. Mr. Hoffman is more than ever content to remain a Missourian.

May be a Consolidation.

It is said on excellent authority that negotiations are now pending for the consolidation of the Pullman and Wagner Sleeping Car companies. The overtures for the consolidation are said to have come from the Wagner company.

Bought Some Feeders.

J. E. Scott, of Hughesville, this morning bought 150 head of well bred three and four-year-old steers of the Siegel-Sanders Live Stock Commission company, Kansas City, and will feed them in the Hughesville neighborhood.

Hunting an Old Road.

County Surveyor Stanley and Charlie Zoll went to the west line of the county this afternoon, to reestablish a road lost some years ago. Mr. Zoll says it is a continuation of Main street into New Sedalia.

Wm. Johnson Fined.

Justice J. B. Hughes, of Georgetown, today fined Wm. Johnson \$2 and costs for whipping a boy named John Chadwick at the negro camp meeting at Georgetown last evening. Johnson paid up.

Satisfied With Sedalia.

Dr. J. N. Wrong, the veterinary surgeon, returned today from Birmingham and other southern cities, more than ever content to remain in Sedalia. He is proud of Missouri and her resources.

A \$5,000 Real Estate Sale.

Daniel Smith and wife to Thomas Montgomery, the south half of the southwest quarter of section 19, and the northwest quarter of section 30, township 48, range 21. \$5,000.

Defendants Discharged.

John Reed and Minnie Colbert, colored, charged in Justice Levens' court with unlawful cohabitation, were discharged this morning, for want of sufficient evidence to convict.

Large Land Owner.

D. F. Brown, one of the largest land owners in Dresden township, filed his assessment lists today. He has several hundred acres of land, and will pay taxes on over \$10,000.

Letters Refused.

Letters of administration were today refused, because of insufficiency of estate, to John Landers upon the estate of his deceased wife. There are three or four small children.

Justice in Town.

Justice of the Peace W. F. Howe, of Ionia City, is in town today, on business at the court house.

One Prisoner Released.

Charles Crezlyn, sent to jail for petit larceny, was released today, after thirty-six days' incarceration.

A LEASE CANCELLED.

The Missouri Pacific to Surrender the Osage Division.

The Missouri Pacific will on September 1st surrender to the M., K. & T. the 45 miles of road known as the Osage division, extending from Paola, Kas., to Holden, Mo.

The line is owned by the M., K. & T., but was leased to the Missouri Pacific some fifteen years ago, and has been operated by that company since, in connection with its line to Denver, via Osawatimie, Kas.

Now that the M., K. & T. is to open up its Green Ridge-Holden-Kansas City line about the 15th of October, it desires to utilize the Holden-Paola branch, and in consequence the lease to the Missouri Pacific was cancelled.

Now is your time for BARGAINS IN FOOTWEAR Big Clearance Sale now going on at Wm. Courtney's

THREE HUNDRED KILLED.

Russian Barracks Blown Up by Enemies of the Army.

LONDON, Aug. 20.—The Daily News has a dispatch from Vienna which says:

Triest's papers report that an explosion destroyed the artillery barracks at Toula, Russia, and that 300 men were killed, including many officers.

The barracks were found to be completely undermined. Many arrests have been made.

Picked Up and Left.

The Missouri Cycle Co., of which a gentleman named Martin was manager, has quit business here, and left last night for St. Louis. The parties comprising the company sold wheels and conducted a riding academy in the Hoffman block.

Failed to Arrive.

The Webb City ball club failed to arrive today, for some unexplained reason, and Manager Roe says there will be no game here until Jefferson City comes on Sunday. The Future Capitals will play at Paris on Thursday and Friday.

The Sale Fell Through.

It was thought at noon today that John S. Landes had sold his business house, No. 116 West Second street, to Philip Hahn for \$5,500, but an hour later the trade fell through.

Will Reside at Green Ridge.

John Briscoe, of Archie, Mo., has bought a large general store at Green Ridge and will move with his family to that town. He was for eight years county clerk of Morgan county.

Gone Fishing.

Chief of Police Lou Kahrs and Will Kahrs, of Kahr & Bloess, went fishing on Flat Creek today.

A VALUABLE PRIZE.

The Americanized Encyclopedia Britannica Free.

THE DEMOCRAT'S PRESENT.

It Is For the Best Guess As to Advertising—Five Dollars in Gold For Second Prize.

There is no more important matter in a newspaper than the advertisements, nor is there any department that will more richly repay close study.

To stimulate interest in such advertisements as appear in this paper the DEMOCRAT has concluded to offer a valuable prize, consisting of a full set of the elegantly bound AMERICANIZED ENCYCLOPEDIA BRITANNICA to the person who files the first correct guess as to the number of advertisements, display and local, that will appear in the DEMOCRAT of Sunday, September 8th.

Also FIVE DOLLARS IN GOLD for the second correct guess received.

In case no correct guess is filed, the prizes go for the nearest correct guess and the second best.

Guesses may be filed at the business office of the DEMOCRAT at any time until 7 o'clock Saturday evening, September 7.

In order to win these prizes study carefully the advertisements in today's DEMOCRAT. Then watch for next Sunday's paper and go over the advertising columns carefully and estimate the probable increase that will appear on Sunday, the 8th of September.

This encyclopedia can be seen in the window of the DEMOCRAT office. Either style of binding may be selected. It is a whole library in itself and is well worth striving for. If your neighbor does not read the DEMOCRAT tell him of this offer.

Foundation Almost Completed.

The foundation of the new Epworth Methodist church, at Sixth and Summit streets, would have been finished tomorrow, but for the rain last night, which will delay work a day or two. It is said to be one of the best foundations in Sedalia. The brickwork will begin when the foundation is completed.

New Brick Walks.

A regulation brick pavement will be put down along the Seventh street side of Mrs. Dr. Fuller's store building, at Seventh and Ohio streets, and in front of the residence of Mr. McCurdy, 105 East Seventh.

J. W. Perdue is having a brick pavement laid in front of his home at Seventh and Lafayette.

Stole \$20 from Him.

Tom Newman, the Missouri Pacific switchman, had \$20 stolen from his residence, No. 236 West Morgan street, Sunday night. The thief cut a hole in a window screen, then entered and carried off Tom's pantaloons and money. The pantaloons were left in the yard under a rose bush.

Bought a Residence.

J. E. Hillis, the undertaker, yesterday afternoon bought the 6-room residence at 239 South Grand avenue from T. J. Brown, the Missouri Pacific train dispatcher, paying \$1,500 therefor. Mr. Hillis will reside there with his family.

Bob Collins Was Second.

At Independence, Ia., yesterday, Sam C. Fuller's horse, Bob Collins, took second money in the 2-year-old trot for \$1,000. There were four starters. Time—2:38, 2:33½.

New Granitoid Pavement.

Workmen this morning began laying a new granitoid pavement on both the Massachusetts and Seventh street sides of the Christian church property.

Adding a New Roof.

George McClure, on East Fifth street, is having a neat and durable iron roof put on his dwelling. Matt Myers is doing the work.

balance, or what is generally called the gold reserve. We cannot give the changes which took place in the next four days or until Secretary Windom took charge of the treasury on the 8th of March, but it is safe to say that the reserve was above \$196,000,000. It had been growing right along—nearly \$2,000,000 in the month of February—and it is our impression that several hundred thousand dollars were added during the first week of March. Compare this with the public debt statement for February 28, 1893, a few days before President Cleveland's second inauguration. The gold coin and bars in the treasury amounted then to \$217,672,947 and the gold certificates in circulation to \$114,388,729, leaving \$103,284,218 as a balance. The difference in favor of the democratic administration is \$92,961,763."

THE DEMOCRAT offers a splendid prize consisting of a complete set of the Americanized Encyclopedia Britannica to the person who files the first correct guess as to the number of advertisements that will appear in the DEMOCRAT of Sunday, September 8th. Study the paper closely and see how near you can guess to the correct number. The study of the advertisements will alone repay you and then a splendid gift awaits the lucky one, with five dollars in gold for next best guess.

SEDALIA is fortunate this year in that she is in the center of a district that has produced exceptional crops. The people of Pettis and adjoining counties will have more money to spend for the comforts and luxuries of life during the coming fall and winter than they have had for several years. This means that business will grow better and better as the weeks pass, until the autumn and early winter will find a veritable business boom at hand. It is important, however, that business men do all in their power to attract this trade to Sedalia. They should advertise liberally in all of the newspapers which go into the homes of those who may become customers. Not only should the Sedalia papers be used, but our business men can profitably use the local papers in neighboring communities to tell of the inducements they have to offer. The merchant or tradesman should look carefully over the field and note the territory from which he expects to attract trade and then go after it through every reputable newspaper which circulates among those whom he hopes to bring to his store or shop.

The big corn crop will reduce the price per bushel to the farmer, says the Globe-Democrat, but it will help the farmer and the country nevertheless. Large crops always bring prosperity. The western railroads are expecting larger gross receipts in the next twelve months than they have had at any time in the past two or three years. Of course, larger receipts will necessitate larger disbursements, and increase the general business activity.

A STORY DENIED

By the Sisters of St. Cecilia's Academy at Holden.

The sisters at St. Cecilia's Convent academy at Holden deny that they deprived Miss Cora Jones of her liberties and kept her from her friends.

They state that Miss Jones was left with them by her father, who stated that her mother was dead.

He left his child and disappeared, and never made any provision for her support, and since then they have at all times been ready to give her up to properly identified relatives or a legal guardian.

Winfield Won the Championship.

The Kansas State championship was won at Wichita yesterday by the Winfield base ball club over the Emporia club, by a score of 8 to 7. It was the most hotly contested game ever witnessed there. Both teams played right together until the last half of the ninth inning.

A Difficult Operation.

Dr. McFarland performed a difficult surgical operation on Miss Cover, on East Fourteenth street, yesterday. The young lady stood the ordeal well and is resting nicely since, with a good show of recovery.

THEIR LIFE IN JAIL.

Dr. and Mrs. J. C. Hearne Accept the Situation

THE VERY BEST POSSIBLE.

The Prisoners Consult With Their Attorneys—A Change of Venue Most Likely.

Dr. J. C. Hearne and wife, who are in jail at Palmyra awaiting trial upon the charge of murdering A. J. Stullwell, the wealthy pork packer and first husband of Mrs. Hearne, are taking their incarceration in a philosophical manner, and are making the best of the situation.

As stated in yesterday's DEMOCRAT, Mrs. Hearne occupies a cell in the woman's ward, on the second floor, with Mrs. Virginia Todd, sister of Mrs. Annie Ingram, of Sedalia, and who is under indictment for the murder of her daughter.

Mrs. Hearne has been in jail three nights now, but, according to Mrs. Todd's statement, she has slept well, and has been visited by no apparitions of her murdered husband or the fatal ax, the sight of which has on several occasions caused her to faint. She is possessed of considerable more nerve than she has been given credit for.

Many have believed that she would weaken when she was arrested and placed in jail, but so far she has given no evidence of weakness, although she paced the floor of the corridor yesterday, evidently in deep thought. Both prisoners refuse to say anything about the murder, and will see no one but their attorneys and relatives.

Dr. Hearne, while he takes his incarceration very quietly, does not display so much assurance as his wife. While Mrs. Hearne tripped into her cell just as she would go to a bed room in her own house, the doctor staggered slightly as he crossed the threshold, and on the journey to Palmyra, which was made by private conveyance, he requested the sheriff to allow him to carry a revolver. He said that if he had to die he wanted to die game, evidently fearing a mob.

Yesterday he told the other prisoners, who are murderers and common thieves, that he was now one of them and wanted to be treated just like the rest. This statement did not prevent him from being tried by a kangaroo court on the charge of breaking into jail. He was convicted and fined \$1, which he promptly paid.

The Hearnese are treated just like ordinary prisoners, excepting that they receive their meals from a hotel, and they were allowed to furnish their own beds and bedding. Col. N. C. Dryden, of St. Louis, arrived in Hannibal from St. Louis yesterday afternoon and went to Palmyra in company with Col. R. E. Anderson, to hold a consultation with the Hearnese, and agree upon a plan of defense.

Dr. Hearne has been quoted as saying that he was willing to be tried in Marion county, or words to that effect, but he is now under arrest, and will be tried for his life, consequently he will want to take no chances, and no doubt his attorneys will ask for a change of venue to some other county in the circuit, and possibly to some other circuit.

The change of venue law has been materially changed. Formerly it was only necessary to make affidavit that the defendant could not get justice either in the community or the court. Now he has to prove the fact by witnesses, and the state may attempt to disprove the affidavit by evidence.

Mr. C. G. Strong, principal of the public schools at Anderson, Cal., says: "I have used Chamberlain's Pain Balm and have found it an excellent remedy for lameness and slight wounds."

Lameness usually results from a sprain, or other injury, or from rheumatism, for which Chamberlain's Pain Balm is especially intended and unequalled. It affords almost immediate relief and in a short time effects a permanent cure.

For sale by P. E. Ott, W. E. Bard, A. T. Fleischmann, Servant's Pharmacy, M. T. Miles, A. S. McGowan, Mertz & Hale, O. W. Smith, J. R. Myers, T. J. Fletcher, H. W. Wood, J. F. Stephens.

\$100 Reward.

The above reward will be paid for the necessary information to secure the conviction of the party who maliciously short-circuited our wires in the First M. E. church Saturday last.

SEDALIA ELECTRIC LIGHT & POWER COMPANY.

WOOD'S OPERA HOUSE.

SWALLOWED A DIAMOND.

How a Pet Chicken Got Away With a "Sparkler."

Recently J. E. Thurmond, a wealthy farmer, who lives between Louisiana and Bowling Green, in Pike county, on removing the "sparkler" from his shirt-bosom placed it for safe-keeping on the mantle, but on seeking it a little while afterward the costly jewel had taken flight.

No person had seen it, and diligent inquiry failed to connect any one with its sudden disappearance; but it finally occurred to Mr. Thurmond that perhaps a pet chicken, which had the entree to the house, was the thief, but how to connect it with the robbery other than by resorting to the ax blade was beyond his reach.

His decision was soon made up that the chicken should pay the penalty, and like many others that have taken the same route to the fowls' paradise, off went the head. After a careful post mortem, to the astonishment of those present, on splitting open the gizzard the gem was found firmly encysted in that organ.

TWENTY-FIRST TIME.

Annual Meeting of the Christian Churches of Pettis County Tonight.

The twenty-first annual meeting of the Christian churches of Pettis county will be held at Smithton tonight and tomorrow. There are thirteen churches in the county. Rev. J. S. Myers, pastor of the Sedalia Christian church, is the president of the society, and will deliver the annual address tonight.

Tomorrow's programme will include addresses by Rev. F. Abbott, of Louisiana, and President Frank Allen, of the Christian Orphans' school at Fulton. Mr. Herold, Mrs. E. B. Quisenberry and Stephen Pirkey, of this city, are also on the programme. There will be a basket dinner tomorrow.

For the past two years the energies of the association have been bent to the education of a young lady at the Orphans' school at Fulton, and it is not known whether this plan will be changed this year or not.

The Tallest Convict.

The Missouri penitentiary can now boast of having the tallest convict in the country. He was delivered to the prison officials yesterday by the sheriff of Wayne county. His name is David Mitchell; his sentence is two years for forgery. He is 25 years of age, and he is 6 feet 4 1/4 inches in height. Capt. Jesse B. Tolin, who has been "dressing in" convicts at the prison for the past ten years, says that Mitchell is the tallest man that ever passed through his hands.

Sent Back to Lamonte.

Malinda Sweet, an aged lady who has been furnished funds by the county, and who lived at Lamonte until two or three months ago, and then came to Sedalia in order to be closer to her "source of supply," was sent back to Lamonte yesterday. She kicked against the room she occupied, and wanted a better, of course, at the county's expense. Sanitary Officer Friemel hired a team for \$3 to take her household goods back to Lamonte.

A New Fossil.

Some quarrymen at work in the Leucke quarry, six miles southeast of town, discovered a day or two ago a very large and nearly complete specimen of orthoceratite, the largest fossil shell so far found in Pettis county of this order. It was given to F. A. Sampson, who has it classified and marked. It was found, as have been many other shell fossils, in the Chouteau bed of limestone common hereabouts.

Capt. Swearingen Ill.

Harry Swearingen, a Sedalia boy who is captain of the Coffeyville ball club, was so ill last week that two doctors were at his bedside, and a minister of the gospel was summoned, as it was feared the end was near. He was greatly improved, however, when "Roxy" Roach left there Sunday.

Jerry Simpson at Marshall.

Hon. Jerry Simpson, of Kansas, lectured at Marshall yesterday afternoon on the question, "Is There Need of a New Party?" and at night on "The Financial Panic and Its Remedy." All parties attended and he had good houses.

Don't Give Up.

If you have sought relief in vain, do not despair.

Sufferers from Chronic, Nervous, Catarrhal, Skin and Blood Diseases, who have treated with many physicians and medical institutions without relief, are particularly invited to visit the World Medical Institute and inspect the methods. The physicians of this institution are especially qualified by long practice for the treatment of disease in its most chronic and obstinate forms, and their ability is materially assisted by the equipment of the institute. The physicians of the World Medical Institute cure when doctors and hospitals have absolutely failed. A perfect and permanent cure is what they offer you in every case accepted for treatment. If they cannot cure you they will be honest enough to tell you so. Consultation and examination is free to all.

Medicine Furnished.

Hundreds of testimonials, which are always open and subject to inspection, attest the above facts. Thousands of cures made in obstinate cases, where other energetic physicians had utterly failed, particularly in those of

Catarrh,

Throat, Lungs, Liver, Dyspepsia, Indigestion and all diseases affecting the Bowels and Stomach, Etc. Diarrhea, Dysentery, Etc. Ailments of this character given immediate relief. Cures effected in a short time.

Prostatic,

and all conditions of the Urethra, producing painful and frequent urination also Bladder and Kidney affections, Weak Back, Sediment in Urine, Piles Tumors, Fistula and all diseases of the Rectum, successfully treated and satisfactory results guaranteed.

Rheumatism,

Sciatica, Lumbago, and Muscular Rheumatism cured speedily by their method of treatment, which never fails.

Nervous Debility,

And all its attending ailments of young and middle aged men. The awful effects if neglected or improperly treated cases, producing weakness of the mind and body, Impotency, Varicocele and other distressing systems, unfitting one for study, business or employment. No cure no pay.

Blood Poison,

Primary, secondary or tertiary forms. A complete and permanent cure in every case. Skin Diseases, Scrofula, Eruptions, Eczema, Old Sores, Ulcers, painful swelling from whatever cause, positively cured, restoring health and purity.

Diseases of Women.

Ladies suffering with complaints peculiar to their sex, can consult the doctors with every assurance of speedy relief and a permanent cure when others have failed.

RAILROAD RUMBLE.

Some Figures in Regard to Increased Earnings.

THE SHOWING A GOOD ONE

Items of Interest Picked Up From Various Sources for the Benefit of "Democrat" Readers.

Greatly improved net railway earnings are shown in a carefully prepared special report to Bradstreet's, an abstract of which is as follows:

The gross earnings of 145 railroad companies for the first six months of 1895 aggregate \$349,092,773, a gain of 3.6 per cent over the corresponding period of 1894, which, in turn, showed a decrease from 1893 of 16.4 per cent. The net earnings of the same roads for this year aggregate \$102,767,786, a gain over last year of 8.1 per cent, and following a decrease in 1894 from 1893 of 18.8 per cent.

Divided into groups, a striking uniformity is noted in the increases and decreases in gross and net. Of the 126 railroad systems, comprising 145 railroads, which make up the following table, two-thirds show gains, not only in gross but also in net over a year ago, while one-third show decreases:

System—	Gross.	Net.
Granger.....Dec. 7.7	Dec. 2.4	
Central Western.....Inc. 9.8	Inc. 25.0	
Trunk.....Inc. 6.9	Inc. 8.1	
Eastern.....Inc. 12.4	Inc. 23.2	
Coal.....Inc. 5.3	Inc. 3.0	
Southern.....Dec. 1.4	Dec. 7.1	
Southwestern.....Inc. 2.8	Inc. 16.0	
Pacific.....Dec. 1.1	Inc. 9.1	
Mexican.....Inc. 7.8	Inc. 25.0	

There are some decreases in gross earnings this year from last, notably in the cases of the southern and granger railroads, but there are also notably large increases in nearly all the other groups where last year the dead level of decreases was without relief. When the net earning figures this year are considered the showing is still better. The decreases in the grangers and southwestern roads are still notable, but the gains shown in the other groups of roads are sufficient to more than counterbalance this falling off, and the result is a very satisfactory gain in net over a year ago.

The "Katy's" K. T. Train.

The M., K. & T.'s special train carrying Kansas and Indian territory Knights Templar to the biennial convocation at Boston reached Sedalia last night at 8 o'clock with about 300 passengers.

The visitors were met at the depot by St. Omer commandery and the Military band of this city, and escorted to Sicher's, where a banquet was partaken of, and at 9:15 o'clock the journey was resumed.

Both engine and train were handsomely decorated. George Neely was at the throttle of No. 296, the new "fantail" engine, on the front of which was a red Maltese cross, while below it was the open Bible. On each side stood the columns of peace and wisdom, Jacob and Boaz, and the sides of the tender were emblazoned with designs and emblems of the order.

The train was composed of five magnificent sleeping cars belonging to the Canadian Pacific, and one baggage car. The baggage car was decorated with bunting and emblems, and also had a small display of corn and fruits. The sides of the car had a large picture of a mounted knight and lettered "Cœur De Leon Commandery, Parsons, Kansas."

The train was brought in by Conductor George Ferrell and was taken to St. Louis by Conductor J. P. Herrington.

Hospital Report.

The following patients were admitted to the M., K. & T. hospital this morning:

W. H. Schenfield, section laborer, Goodrich, Kans., acute indigestion.

J. H. Pickett, section laborer, Labette, Kas., adenitis traumatica.

Bulah Marston, colored, section laborer, Atoka, I. T., lumbago.

William Blair, bridge carpenter, Stuntville, Texas, intermittent fever.

Frank Colvert, colored, extra gang, Atoka, I. T., injured in trying to board a freight train yesterday afternoon; left foot amputated.

Tail-End Collision.

The second section of a freight train ran into the caboose of the first section at Rich Hill, on the Lexington and Southern division, last night, and the road was blocked for several hours.

Coach, Cab and Caboose.

The train from the south was half an hour late this morning, that

from the north being about fifteen minutes behind time.

Wm. O'Herin accompanied the "Katy" Knights Templar train from Parsons last night.

John Gaffney took out Conductor "Shady" Burnap's local run south on the "Katy" yesterday.

Chair car No. 100 was turned out of the M., K. & T. shops this morning and sent south.

Superintendent Lyons and Mr. Davis returned this morning from a business trip to St. Louis.

The Missouri Pacific has sent out elaborate descriptions of St. Louis' fall festivities, and ordered them printed in the papers along its lines.

R. P. Roach, formerly of the M., K. & T. offices here, has been appointed paymaster and treasurer for the "Katy" in Kansas, vice Mr. Daley, transferred to Texas.

Fuel Agent Hibben, of the Missouri, Kansas and Texas, and family passed through the city this morning, en route from St. Louis to Parsons.

Engineer Charlie Goodwin says more rain fell about Pleasant Hill last night than he has seen at one time for ten years. There was a lake a mile long south of that town.

A washout occurred on the Lexington and Southern division, between Pleasant Hill and Harrisonville, last night, and trains had to run over the Arizona division to Holden.

Frank Berry, son of the councilman from the Third ward, has accepted a position as fireman on the north end of the Missouri, Kansas and Texas, and went out on the local freight this morning.

Heber Page, local agent for the M., K. & T. at Dallas, left last evening for St. Louis. He predicts that the Corbett-Fitzsimmons fight will come off according to programme and that "Lanky Bob" will win.

George Neely's engine, No. 296, used on the Knights Templar special last night, brought train No. 3 from the north this morning, with the decorations intact. A beautiful Masonic design ornamented the side of the engineer's cab.

Assistant General Passenger Agent Swann, of the Missouri, Kansas and Texas, has gone out to Oswego, Kas., to look after a big Knights Templar party, and General Passenger Agent Barker is in Detroit.—St. Louis Republic.

All the outer walls of the stone foundation for the M., K. & T. passenger depot at Third street, have been completed, and nothing remains to be done to the foundation but one inner wall and a couple of pillars. Work on the superstructure will begin right away.

"It is the best patent medicine in the world," is what Mr. E. M. Hartman, of Marquam, Oregon, says of Chamberlain's Colic, Cholera and Diarrhoea remedy. "What leads me to make this assertion is from the fact that dysentery in its worst form was prevalent around here last summer and it never took over two or three doses of that remedy to effect a complete cure."

For sale by P. E. Ott, W. E. Bard, A. T. Fleischmann, Servant's Pharmacy, M. T. Miles, A. S. McGowan, Mertz & Hale, O. W. Smith, J. R. Myers, T. J. Fletcher, H. W. Wood, J. F. Stephens.

Roxy Roach's Club Defeated.

Independence defeated Coffeyville at Independence yesterday in the third straight game by a score of 5 to 3. The score was a tie up to the eighth inning, when the home team ran in two scores. Batteries—Independence, Brunner and Buckhart; Coffeyville, Gilpatrick, Harrison and Warner.

Encampment at Home.

Smithton post, G. A. R., will hold an encampment at Flat Creek bridge, three miles south of Smithton, Thursday and Friday, August 29 and 30. There will be music by Geo. R. Smith drum corps, and addresses will be delivered by Messrs. E. J. Smith, S. K. Crawford, Ira T. Bronson, W. A. Fast and J. A. Capen.

Battle of Lexington Survivors.

A large and enthusiastic meeting was held in the court house at Lexington last night for the purpose of making the necessary arrangements to hold a reunion of the survivors of the battle of Lexington, September 21. Prominent speakers will be secured, and an interesting time is anticipated.

Lexington's Electric Light Plant.

The ground was broken yesterday for a 10,000 electric light plant at Lexington. The building will be 36x80 feet, one story high, with a brick smokestack 110 feet in height.

Some Monster Pears.

M. L. DeHaven, Twelfth and Engineer streets, has pears growing in his yard that measure twelve inches in circumference.

WHAT ARE NECESSITIES

*"The learned is happy nature to explore,
The fool is happy that he knows no more,"--POPE.*

No. 1

Monkey

No. 2

Man

"I Got Everything I 'Need,'
I Just Had My Breakfast."

"My idea of 'necessity' is to have plenty to eat and a change of clothes.
"When I went to school I 'learned' readin', riter', and rithmetic, and tha's all I 'need.'
"My 'pinion is that education is no good only fer preachers an' lawyers.
"People like me don't want no education; we're all right, anyhow. I guess they're only a few of us left, fer nowadays laborin' people and all think they will be more successful and happier if they learn a little every day.
"They say that ignorant people won't stand any show at all in soci'ety in a few years from now.
"I wonder if that will be the case."

In one of the ablest speeches ever delivered by the "Grand Old Man of the West," Mr. William F. "Boss" McAdams, he says: "You want amusement, but that does not exclude in your mind when you see men engaged in study that they dislike it? doubt, but it is so associated with interest all along that it is forgo it carries in its performance, and no people know that better than I.
"If you let your children follow out their own impulses, they will you provide the means of answering you will encourage them and are in research. Soon they will have a natural habit of learning learning will then be recreation to them. So that all they require the home to secure the most practical education.
"All the recorded wisdom of all great writers, past and present, is in such subjects as Euclid or the commonest topics of every-day life. What a blessing that in this one library the laboring man can get the world.
"In his speech on the occasion of the distribution of the prizes School at Mill Hill he compared the advantages of today with ancient: "All they have achieved is before you. Their great service and command.
"You have this enormous advantage under the peculiar condition Again he says: "Believe me when I tell you that the thrift of after life with an usury of profit beyond your most sanguine dream it will make you dwindle alike in intellect and moral nature beneath the Get knowledge all you can."

Extravagant luxury for one may be an absolute necessity for another. It depends on what you What would an ape care about opportunities to improve his mind?

The word MAN means to THINK, which is the opposite from BEAST. Thus we cannot 2, as he does not look like a BEAST and does not think like a MAN.

We must call him a "missing link." If you are a man, you think. If you think, you are constantly in contact with questions. If you supply yourself with the correct answers to these questions you become in life, and you honor yourself and your family. This is true, no matter what your calling.

If you answer your questions you must do it right when the question comes up, so it will be a pleasure you cannot forget it. This is true education. If you answer your questions when they come up, them correctly, you must have the best Encyclopedia in print right in your home.

The whole world are agreed that the Americanized Encyclopedia Britannica is the best in print.

The Star-Sayings edition of this great "NECESSITY" is brought down to date and supplied which could not be expected from people in the book business, but our pride is to supply the best not the country, and we sustain the enormous expense and perform the vast amount of labor necessary to terms to our friends simply to broaden and deepen the interest in education and to extend our arms among the children of today who are to be the men and women of the future.

But we cannot be expected to bear the expense very long, and our offer will be but a short time. want it at our wholesale club rate of 10 cents a day, you must act quickly. First in, first served.

The Star-Sayings takes especial pride in THE GUIDE which it has provided for the purchase of Britannica on this cheap plan. The row of ponderous volumes need no longer affright the student. He

WILD MAN CAUGHT.

Is It He of Whom Fred Barde Wrote in the Gazette?

An Elizabeth, New Jersey, dispatch of the 19th says: For the past month there has been living in the woods near Elmora an old man known as the "Wild Man of the Woods," and so great was the fear of him that women refused to go out on the roads unescorted, and when at home were careful to have the doors and windows closed.

Yesterday afternoon he went to the house of Dr. Anderson, a veterinary surgeon, where, when refused food, he burst in the panels of the door.

Detective Decker and Patrolman Geo. Tucker located him in the woods, not far from the house. He was behind a tree, standing up watching the house and leaning on his stick. Tucker approached the man from in front while Decker slipped around to the rear.

When the man saw Tucker he prepared to defend himself, but Decker got close to him and knocked the stick out of his hand. The man sprang to his basket, which stood on the ground a short distance away, and drew out a big butcher knife. With this he rushed at Decker, but before he reached him Tucker was on his back and bore him down. He was handcuffed after a fight, in which he bit and kicked the officers, and brought to this city and locked up.

He said he was Herman Lauterback, and was 76 year old. He would talk no more. He is six feet tall and powerfully built. He has a long beard and gray hair. For one who has made a living by begging he was well dressed.

SEDALIA SCHOOL OF MUSIC.

218 West Seventh Street.

This institution begins its regular course of instruction for the session of '95 and '96 on Monday, September 2d. The course embraces instruction on piano, organ, guitar, in voice culture, harmony and history of music. For thoroughness and absolute safety of our methods we challenge successful competition. A limited number of pupils can be accommodated in the school residence, where the advantages of a musical library and superior instruments for practice will assist very materially in the advancement of the student. Those desiring a special course in this most necessary accomplishment are cordially invited to confer with the director,

MISS LIZZIE LEE WARREN.

A Few Facts.

Some people do business alone for what money there is in it, regardless of their future reputation or standing, and when they start out to buy cattle for their market they buy cattle the same way. Anything that is cheap catches their eye—quality cuts no figure with them. It is different with us. We will not be tempted with cheap stuff; it must be strictly first-class or no trade at any price. We are using cattle right now that came right out of the feed lot, corn fed and prime. We are the only market in Sedalia today that is using corn fed cattle. We have no use for the grass trash that is being used at this time in Sedalia. We are determined to hold our reputation, let it cost what it may, and still continue to pay good prices and get the best cattle.

If you will just stop in we will show you some beef that nothing in this city can be found to equal it, and all we ask of you is to ask your neighbor, who buys from us, and see what they have to say of its quality.

Everything is held in cold storage until it is made prime and juicy. Try one of our roast beef and you will be convinced you have been doing business at the wrong market.

Leave word at our market and we will call at your house daily and get your orders, or telephone 120.

Not a City Officer.

Merchant Policeman John Smasal receives no salary whatever from the city, and for this reason is not expected to make promiscuous arrests. John has always been a faithful officer, never afraid to perform his duty under any circumstances, and there should not be any criticism of him because a certain railroad man was not arrested last

A New Discovery by the Shakers.

For more than a hundred years the Mount Lebanon Shakers have studied the cultivation of medical plants and sought to extract from them their healing essences. Their labor has not been spent in vain. They have made a discovery that will prove a blessing to mankind. It consists of a cordial that causes immediate relief in cases of indigestion. The importance of this discovery will be apparent when we realize that nearly nine-tenths of our sufferings are caused by dyspepsia or indigestion. Nearly every person you meet has this digestive trouble in some of its varied forms—sick headache, distress after eating, pain and fullness in the chest after eating, palpitation of the heart, etc., are but symptoms of indigestion. To relieve these sufferings has been the study of the Shakers, and they have succeeded. The reason the Shaker Digestive Cordial has such an immediate and salutary effect is that it causes the food eaten to be digested, for it is undigested food that causes the distress. The Cordial causes the food to be digested before there is time for it to ferment and sour on the stomach. When the food is so digested it gives strength and vigor to the feeble body, makes one feel bright and cheerful and makes one gain flesh.

The Digestive Cordial is so prompt in its action that the very first dose will have a perceptibly favorable result. It gives immediate relief.

Every druggist has been sent a supply of our handsome Donkey Puzzle Books, and a copy may be had for the asking. It tells all about the Cordial as well as Laxol, the new castor oil.

Try a twenty-five cent bottle of Digestive Cordial and see what it will do for you. For sale by Mertz & Hale.

Thursday night for the alleged flourishing of a revolver.

One night when Mr. Isaac Reese was stopping with me, says M. F. Hatch, a prominent merchant of Quartermaster, Washington, I heard him groaning. On going to his room I found him suffering from camp colic. He was in such agony I feared he would die. I hastily gave him a dose of Chamberlain's Colic, Cholera and Diarrhoea remedy. He was soon relieved and the first words he uttered were, "what was that stuff you gave me?" I informed him. A few days ago we were talking about his attack and he said he was never without that remedy now. I have used it in my family for several years. I know its worth and do not hesitate to recommend it to my friends and customers.

CHANGE IN WHEELS.

Differ Some in Pattern, But
Very Little in Price.

STYLES FOR NEXT YEAR.

The Machines Will Be Heavier and
Hence Stronger—Some Makes
Will Be Cheaper.

Buffalo bicycle manufacturers, as well as the large makers of wheels both in the east and in the west, are beginning to prepare their models for 1896, says the Buffalo Express.

It is announced that the coming wheel will differ materially from the wheel of this or several preceding years. The wheel will be heavier by a few pounds and vastly stronger. It will have wheels of greater diameter, and the coming tire is said to be about one and one-half inches larger than the tire now in use. This is generally accepted among makers as being somewhat of a description of the new model.

While the wheels will be a few pounds heavier it does not mean that the clumsy frame of a few years ago will be again in use. It means simply that manufacturers have come to the conclusion that it is bad policy to make a light wheel at the expense of strength. Unless some lighter metal than steel be employed, having like tensile strength, wheels cannot be made lighter than they now are without being made dangerously weak, it is said. Therefore, added weight will be placed where the greater strength is needed for safety, and the makers will devote their skill to lesson friction and increase speed. With all the added weight it is said that the coming wheel will carry a rider much farther upon a like expenditure of physical energy than the wheel of today, and with added safety.

However, the style of the wheel will make no change in the price asked. A prominent Buffalo manufacturer said yesterday that there would be no fall in prices next spring in strictly high-grade wheels, notwithstanding all that has been said and written to the contrary. He said that during the present year 140 new bicycle factories had been started in the United States, and as a result wheels can be had at almost any prices one cares to pay, but that the high-grade wheels will go on selling for high-grade prices. He had no doubt of the truth of the statement that it was intended by a large western syndicate to put wheels on the market next year at \$30 each, but he did not believe that such wheels would injure the manufacturers of high-grade machines. In fact, he believed that it would be for the benefit of the high-grade wheelmakers. By having a \$30 wheel in the market a great many people will own wheels who could not learn to ride for quite a number of years yet if compelled to pay standard prices. Once they have a wheel they will not be content with the cheap machine.

Wheels are being made to sell cheaply which are strong and will carry a person a good distance in the course of a day's time by factories which will brand them any name that a dealer desires. One of Buffalo's manufacturers said yesterday that he believed that the time would come when all factories would turn out wheels after this fashion. However, he thought that the makers would still make a strictly first-class machine for a first-class price, upon which they would put only their own firm name.

It is said that the increase in the size of the tire will be mainly in the thickness of the rubber tubing. An attempt will be made to increase the thickness of the rubber tubing so that punctures will be less liable. Six-ply rubber will not tear as easily as two or three-ply.

FITZ AN AMERICAN.

He Will Apply for His Naturalization Papers at Once.

That Bob Fitzsimmons is being well advised is demonstrated by the fact that he is about to apply for his naturalization papers, thus taking the fullest possible advantage, in his bid for popular favor, of the revulsion of public feeling in consequence of the break made by Corbett in Green's hotel in Philadelphia.

By the advice of his friends, just before he fought Peter Maher in

New Orleans he declared his intention of becoming a citizen of the United States, and within a few days he will be declared a full-fledged American citizen.

Fitz, in speaking of this to a New York Morning Journal man, said: "I have done a good deal of fighting since I came to this country, and have always been victorious. I had not been here six months before I made up my mind that America should be my future home, but for some reason or other I have never been as popular as other men whose records could not compare with my own."

"Many times I have been told that this was because I was a foreigner. If this be true, then an injustice has been done me, for when I enter the ring on October 31 with Corbett it will be as a representative of the stars and stripes."

"I am an American citizen except for the mere formality of taking out my final papers, and when that is done, which will be shortly, I will stand exactly on the same plane as my opponent, so far as loyalty to the country is concerned."

JEFF. CITY LOST.

The H. & K. Club, of St. Louis, Won With Ease.

The H. & K.'s baseball club, of St. Louis, is the strongest team that has visited Sportsman's park this season, says the Jefferson City Courier.

They won yesterday's game from the Jefferson City boys by a score of 8 to 5. "Fish" Hall, an old league pitcher, and "Sil" Fox, another old-timer, were in the points for the visitors.

Harry East, who once played with the Brown Stockings, and Fogerty, also an ex-leaguer, were in the field. The balance of the nine was made up of first-class ball tossers, and was decidedly the best team that has played here this season.

Coleman and Berry were the home club's battery, but Berry, in the second inning, received a severe injury to his hand and was compelled to retire, Matthews, of Fulton, going behind the bat. The game throughout was very interesting, both sides putting up a first-class article of ball. Attendance, about 400.

THEY WHIPPED HIM.

A Negro Chastised for Denouncing the Divers Mob.

News from Guthrie, nine miles southwest of Fulton, chronicles the terrible cowhiding of Bill Crisswell, a negro, Saturday night.

Crisswell went to Guthrie, filled up on whisky and commenced to abuse the mob which hung Emmett Divers last Thursday.

He was persuaded into a store room, where five men administered to his bare back 100 lashes with horsewhips. Crisswell begged piteously for mercy. His back was terribly cut and bruised.

From Musical World, Chicago.

Throughout our vast country one finds men who, although located in smaller communities and away from the larger art centers, exert a potent influence over their surroundings by their enthusiasm, earnestness of purpose and solid musical attainments. Among these stands pre-eminent Prof. O. H. Tiede.

Without going into dry biographical details it is sufficient to state that Mr. Tiede's success as a pianist and teacher renders it quite unnecessary to refer to the fact that he himself has enjoyed intimate personal relations with eminent artists, whose counsels he has so ably incorporated in his own work.

Mr. Tiede is perfectly familiar with the entire range of musical literature, and thus able to demonstrate all the salient points clearly to his students, among whom may be numbered many of the advanced pianists of the west. His success has been perfectly legitimate, being the result of sterling ability and rare personal worth, and he is sure to promote the best interest of musical art wherever he goes.

Mr. Tiede's studio is at 407 West Broadway.

For Sale.

Three Jersey cows, two Jersey heifer calves and one very fine Jersey bull calf—registered.

No Street Lights.

Owing to a mishap at the Broadway power house, the street lamps were not lighted last night and the city was in darkness.

A Tree on Fire.

A crossed electric light and telegraph wire set fire to a tree on South Ohio street last night.

TO BRING UP
your weight in firm, sound, healthy flesh, after the "Grip," or Pneumonia ("Lung Fever"), Bilious or other Fevers, or any wasting disease; to thoroughly purify your blood, rouse your liver to healthy action, and brace up your system when you feel "run-down" or "played-out"—take Dr. Pierce's Golden Medical Discovery.

Arrington, Nelson Co., Va.
Dr. R. V. PIERCE: Sir—Allow me to offer my thanks to you for your good health since using your "Golden Medical Discovery." I was but the shadow of a person, so thin and haggard, without one moment's ease, had suffered for years with my stomach and liver, and this spring had a very severe attack of La Grippe. I then commenced using the "Discovery" and my recovery is wonderful. I am forty-five years old, and feel as well and strong as I did when sixteen years old; my sleep is as sound as an infant's.

Yours thankfully,
R. A. Miles

TO THE FRONT.

L. Bahner Becomes the Owner of Two Fine Meat Markets.

L. Bahner, the popular and well-known butcher, yesterday purchased the Palace meat market at 703 Ohio street of Joseph Paradis & Co. and the Englebrecht market, at the corner of Pettis and Lamine streets, and will hereafter conduct both places.

Mr. Paradis will remain as the cutter at the Palace market, while Mr. Engelbrecht will act as purchasing and sales agent for both establishments.

Mr. Bahner has the reputation of a first-class butcher, and proposes to make the two stalls the finest in the city. He has announced the following scale of prices, taking effect at once:

PRICES.

No. 1 steak, 3 1/2 pounds.....25c
Roast, 3 1/2 pounds.....25c
Round steak, 3 1/2 pounds.....25c
Lard, 3 pounds.....25c
Six pounds boiling meat.....25c
Pork, per pound.....10c

Sale day every Saturday at the corner of Pettis and Lamine streets.

NEW HOSE CART.

No. 2's Reel to Be Replaced—Short Session of the Council.

The council met at 8:15 last evening, with Mayor Hastain presiding, and the following members present:

Messrs. Berry, Deckman, Hoffman, Hulland and Martin.

Mr. Mertz appeared just as the call of the roll was completed.

City Engineer Morey spoke of the need of catch basins at Fourth and Massachusetts streets, where Fourth street is lower than Fifth, and Massachusetts is lower than Lamine or Washington avenue. The matter, on motion, was referred to the street and alley committee, the street commissioner and the city engineer, with power to act.

The bill of the J. West Goodwin Publishing company, \$93.52, was, on motion, allowed, and a warrant ordered drawn.

Mr. Deckman called the attention of the council to the need of both a horse for the one-horse wagon, and a two-horse wagon for use of the street department. The wagon needed will cost about \$48. Referred to the supplies committee with instructions to trade a pony belonging to the fire department for a larger horse.

Warrants of \$1.25 each were ordered to pay for the storing of the gas pipes in the basement of the court house used in illuminating the streets in former years.

The city clerk was directed to get prices on a hose cart to be used in place of the cart now at engine house No. 2.

The bills of the street men were allowed. Total, \$248.15, including the salary of the assistant city engineer.

Adjourned to meet Thursday night, at 8 o'clock.

The Meeting Postponed.

Owing to the illness of Lieut. Geo. S. Edmonson, the Rifles' meeting booked for last night at the armory was postponed.

Will Soon Be Completed.

With favorable weather, Contractor Lacaff expects to complete the rock work on the new High school building in ten days.
